Dear Friends and Supporters of Aaron Vance,

I want you to know that I am very grateful for the support you have shown the Vances and their work in Colombia. Aaron came to our church as a young man just out of high school. He studied in our Bible college and trained in our ministry. I spent many hours personally mentoring him, and it has been my joy to see him become so successful. Your prayers and support have been a big part of their success.

Aaron is an exceptional missionary. He has started multiple churches, established an outreach/feeding center for youth, trained many men for ministry in their institute, and developed a recording studio that produces gospel programs and has seen millions of views. Furthermore, Aaron is an exceptional husband and father.

In recent years, we have encouraged the missionaries sent from our church to allow us to handle their finances and provide them with the support and oversight that would otherwise be done by a mission board. I have been very active in the Vance's ministry. I have traveled to Bucaramanga multiple times. My wife and I have visited to support them, and we have also hosted groups from our church to visit and assist in their ministry. We have a financial staff who can receive, process, and issue receipts for the support received for our missionaries. We currently take care of this for three of our missionaries.

I have encouraged the Vances to resign from Macedonia World Baptist Missions and to allow Lighthouse Baptist Church to do the same for him, as we are doing for several other missionaries from our church. We currently support many missionaries assisted by MWBM, and we are grateful for all they have done for the Vances and continue to do for all the missionary families who are part of their organization. We will continue our support of MWBM and their missionaries.

Let me say that when our missionaries are cared for directly by our church, it has been an encouragement to both the missionaries and our church. Our relationship with them has grown so much, and we have become much closer. I believe the same will happen with the Vances.

I am asking you to continue to support Aaron and his family. They are doing a great work. They are sound in doctrine and character. I have the utmost confidence in them. If you have questions, please feel free to call me on my cell phone at 770-530-2115.

Sincerely,
Pastor Charles
